Buns and Toast Sponsor of the week

We are delighted that Hattie from the Pod's parents have donated £40 this week to ensure that all children can have a bun that would like one. Thank you!

If you have a company that would like to sponsor a week or you wish to do it as a family, please let me know on ClassDojo or via email and I can provide bank details. You can use it as an opportunity to raise awareness of your business or ask to remain anonymous.

Our Enrichment pot pays for all school trips and special workshops within school for our children so that parents are not asked to pay for these.

Special mention of the week!

There is so much that I could talk about here! The Poetry Festival finalists were all amazing, as were Miss Bayliss' Dance troupe. The buns, biscuits and cakes that you all created were incredibly creative and delicious! We also appreciated your generosity in the bucket collection for non-uniform day. Although all these things take effort from the whole school community, they are always worth it in the enjoyment of the children and because they raise valuable contributions towards our Enrichment Pot. This week's events have raised just short of £800 which will fund one of the year group's trips later in the year. By everyone contributing what they can, it means that everyone benefits. Thank you, as always!

Important information for next week

PhunkyFoods - This year our school is working with PhunkyFoods which is a health-focused schools programme designed to teach early years and primary school children essential lessons on healthy eating and physical activity. Using art, drama, music, play, and hands-on food experiences, the programme makes learning about healthy lifestyles engaging and interactive. Through its holistic approach, PhunkyFoods supports early years settings and primary schools to promote

positive health behaviours among pupils and their families. Through a fun and dynamic approach, the programme encourages lasting lifestyle changes.

We were excited to welcome our local Engagement & Development Coordinator, Laura, who will be working with us this academic year, to an assembly this week where she talked about the Eatwell plate. She will be supported in school by our Y5 PhunkyFood ambassadors who will lead assemblies later in the year and support healthy eating events.

Please head to the Phunkyfoods website to find out more and access some wonderful resources available along with some amazing recipes you can try at home. www.phunkyfoods.co.uk
